Dear Third Party:

There follows a description of the terms and conditions applicable to the operations required by GlaxoSmithKline Argentina S.A. (hereinbelow, "**GSK**") subject matter of this purchase order (the "**Purchase Order**"):

TERMS AND CONDITIONS OF THE PURCHASE ORDER (hereinbelow, the "Terms and Conditions")

GENERAL CONSIDERATIONS - ACCEPTANCE

The term "Third Party" shall refer to the vendor designed in the Purchase Order and also include its employees, subcontractors, independent contractors and all those people who perform any kind of work under this Purchase Order, including these Terms and Conditions. The term "Goods" shall refer to the materials, supplies, items and equipment covered by the Purchase Order; the term "Service" shall refer to the work and/or services covered by this order and any pre-existing original agreement between GSK and the Third Party.

This Purchase Order and the terms herein contained and any specification attached hereto, including, without limitation these Terms and Conditions, express the final and complete agreement between the parties regarding what is expressly provided for in these Terms and Conditions, and shall prevail over any oral or written communication related hereto. The lack of insistence on GSK for performance of any provision herein set forth shall not be deemed as a waiver of such provision or any part thereof.

This Purchase Order shall be effective once five days have elapsed from the date this is received by the Third Party without express rejection by Third Party, understanding that all Terms and Conditions of this Purchase Order have been agreed upon at that time by the Third Party. Each Third Party states and guarantees to the other Party that it has reviewed and is fully aware of the terms in this Purchase Order, that it has had the chance to review such terms with its advisors and that it has accepted this Purchase Order based on its own exclusive criterion and its advisors' recommendation (if the latter case applies). The Parties agree that the "*against proferentem*" principle for interpretation of contracts shall not be applicable for this Purchase Order and that, as a consequence, any ambiguity or inconsistency in the terms hereof shall be resolved in accordance with the most reasonable interpretation and not strictly in favour or against any of the Parties by virtue of the authorship of that clause by either of them.

PRICE – PAYMENT CONDITIONS AND INVOICING

The Prices expressed in this Purchase Order are firm and are not subject to increase without GSK's express consent in writing. The Third Party shall refrain from sending the Goods requested in this Purchase Order if the prices, bonus and/or discounts differ from what will be invoiced, letting GSK know of such situation.

The prices for the Goods or Services do not include the VAT, unless it is indicated otherwise in this Purchase Order. Payment of an invoice shall not constitute acceptance of Goods or Services and shall be subject to adjustment due to errors, faults, defects in the Goods or Services, damage to GSK for which the Third Party is partially or completely responsible, or any other non-compliance by the Third Party of the requirements of the Purchase Order.

In case the payment term agreed upon for operations with GSK is longer than sixty days as from the date of issuance of the corresponding invoice, the Third Party irrevocably and unconditionally agree not to issue the Credit Invoice provided for in the last paragraph of article 1 of Decree 1002/2002, GSK assuming the commitment to issue the corresponding differed payment check within the term indicated in this paragraph.

Additionally, and to comply with this commitment, we inform you of the steps to be followed:

- Delivery Documents accompanying the Goods must include the Purchase Order.
- The deliveries shall be made provided there is a Purchase Order sent by GSK's Purchase Department. If there are any differences with the request, or if there is no Purchase Order in the system, the Goods shall not be received. Goods shall be received at San Fernando Plant from 8:00 a. m. to 2:00 p.m.

All Invoices must be submitted at the "Unique Centre for Invoice Reception" ("*Centro Único de Recepción de Facturas*"), located at the San Fernando Plant, adjacent to the Goods Supply/Reception Section (*Sección de Abastecimiento/Recepción de Mercaderías*). This Centre is open from 8:30 a.m. to 4 p.m. hours.

The Invoice shall include the Purchase Order number.

The Invoices/Debit Notes/Credit Notes may not have a date prior to 4 days at the time of submittal at this "Unique Centre for Invoice Reception".

In case of differences in price or quantity in the Invoice as compared to the corresponding Purchase Order, a new Invoice shall be requested expressing the correct prices/quantities with the date updated. No complementary Credit/Debit Notes shall be received.

Deliveries must be agreed in advance by pone with the Store Section (4725-8900 extension 204). At that time, data on the relevant Purchase Order may be checked to avoid inconveniences.

PURCHASE ORDERS IN PESOS

The invoices expressed in pesos may not include any type of adjustment or indexation clause.

PURCHASE ORDER IN FOREIGN CURRENCY

The Invoices and matching documents expressed in foreign currency, for tax purposes, shall indicate the Exchange rate used (see. DGI Res. 3445 section 15 year 1991) as indicated in the following paragraph.

Payments shall be made in pesos considering the Exchange Rate expressed in the Third Party's Credit Invoice for tax purposes. Payment in these conditions shall not give rise in any case to the issuance of any Debit/Credit Note due to differences in the exchange rate that may occur as from the reference date indicated.

DELIVERY

Time is essential, and the Goods must be received and the Services must be performed on the dates and at the location indicated in the Purchase Order. If the Third Party does not meet that date, GSK may, without limitation of other rights and remedies, order fast shipment, collect the Third Party any excess charges incurred, or cancel the Purchase Order, in whole or in part. All rejected or exceeding Goods and the material with GSK print or identification must be destroyed by the Third Party at its own expense and not sold as in excess, and such action must be accredited to GSK.

Unless specifically expressed otherwise, the Third Party shall be responsible for freight and delivery at the destination specified in this Purchase Order. All freight and delivery charges shall be paid by Third Party.

The Third Party shall bear all risks for losses and damages of Goods until final acceptance by GSK at the location specified in the Purchase Order. Moreover, the Third Party shall bear the same risks regarding the Goods rejected by GSK or those that have not been accepted, from the time of rejection.

RIGHTS

The Third Party authorizes GSK accredited staff to enter its Facilities during working hours, for inspection of the progress and status of works, thus binding to provide GSK with all information requested for such task.

GSK may request the Third Party a certification that shall be considered a sworn statement in relation to the location of the Purchase Order. The Third Party's failure to comply shall be considered a serious fault and shall entitle GSK to termination hereof for cause and claim the damages such an attitude generates.

Despite any inspection or prior payment, all the Goods and Services shall be subject to a final inspection and acceptance by GSK within a reasonable time (until 90 days), from the date of reception at destination.

Any non-compliance by the Third Party shall give GSK right to suspend payments pending in favour to the Third Party due to prior supplies, even if unrelated to this Purchase Order; such amounts shall be withheld as a security for damages caused as consequence of non-compliance.

GUARANTEES

The Third Party guarantees that all Goods and Services provided herein: 1) shall be free from obvious defects in making, material, manufacturing and design (when the design is the Third Party's responsibility); 2) shall comply with the requirements in this Purchase Order, including all specifications included, samples and guarantees given by the Third Party, as well as conditions of quality, quantity, methodology, technical specifications, prices, terms and business conditions previously agreed upon and authorized by GSK; 3) shall be sellable and safe for consumer use, and suitable and sufficient for the purpose thought by GSK; 4) shall be free from any attachment, pledge or any other claim that might affect the free availability thereof; 5) shall not be adulterated or altered and shall not be an article that may not be sold, transported legally or introduce in commerce; 6) shall not infringe the patents, registered trademarks, trade secret, intellectual property of third parties in Argentina or abroad, GSK having full and exclusive right and authority to disclose and use such information and materials in accordance with the terms and conditions set forth in the Purchase Order; 7) shall be free from any defect or obvious, latent or exhibitory defect. In consideration of the Third Party's professionalism and specialty, the Third Party shall be in charge of proving that defects found were found after the delivery date.

The Guarantees above mentioned are added to all other guarantees, express or implied, and shall be applicable without prejudice of any delivery, inspection, acceptance and payment by GSK.

The Third Party Guarantees shall be effective for the time manifested in this Purchase Order (or, if applicable, in the Offer between the parties) or for a year after GSK's acceptance, whichever is longer. These guarantees shall extend to the customers and users of GSK products.

If any Good or Service provided does not meet the Guarantees specified in this Purchase Order, GSK may at its exclusive option: (i) request the Third Party to correct, without cost for GSK, any defective Good or Service by means of repair or replacement within seven days upon notice to the Third Party; (ii) return such Goods to the Third Party, at the Third Party's cost, and recover the price from the Third Party; (iii) correct the defective Goods or Services on its own account and charge the correction costs to the Third Party; (iv) accept the same at a reduced price in all cases, without prejudice to its right to relief for damages caused, thus Art. 1057 of the CCC not being applicable to GSK.
